OUR PHILOSOPHY

OUR NAME SAYS IT ALL: GLÜCKLICH OHNE – HAPPY WITHOUT. FOOD IS TO MAKE PEOPLE HAPPY, FOOD IS TO BE PRODUCED NATURALLY, FOOD IS TO TASTE SO GOOD YOU JUST LOVE TO ENJOY IT. AND ALL OF THIS WITHOUT – WITHOUT ADDITIVES AND WITHOUT GENETIC MODIFICATIONS.

MEANING NATURALLY GROWN PRODUCE, MADE WITH RESPECT AND RESPONSIBILITY TOWARDS HUMANS AND TOWARDS NATURE. TRUE TO OUR MOTTO: „Wo Essen Natur bleibt“. (WHERE FOOD REMAINS NATURE).

That's why we develop all our recipes ourselves, test them personally, and then we produce all our high-quality products ourselves, too, **WITHOUT ANY ADDITIVES**, artisanally and in compliance with ecological regulations. One further vital element for the continuous high value of all of our products are **NATURAL RAW MATERIALS**. We're putting great emphasis on sourcing them from regional suppliers who uphold the same high quality standards as we do. After all, we want to know exactly where all of our ingredients come from and who has grown and produced them in which way.

But we're not only dreaming of clean food. We're also dreaming of **HAPPY PEOPLE**. We believe that conscious and healthy nutrition has acquired a degree of importance in our society that simply cannot be stopped. It's all about **100% REAL TASTE**, about valuable ingredients, food without additives and also about conscious attention to and appreciation of naturalness and sustainability.
